## *Our Mission*

To produce and sell the highest quality European style craft lagers in the safest, most efficient, and effective manner possible. To bring people to the Trapp Family property and have them want to return. To be innovative in the craft lager market and to continue to lead the craft lager wave. To provide our partners the potential to grow our brand within this vision.

FROM THE FAMILY THAT INSPIRED

## *“The Sound of Music”*

Yes, those von Trapps. After their arrival in the US, touring the United States to perform as “the Trapp Family Singers” in the early 1940's, the Trapp family settled in Stowe, Vermont, on a picturesque farm with sweeping mountain views.

In the summer of 1950, they began welcoming guests into their rustic, 27 bedroom family home/lodge. In 1980, after a devastating fire, the original lodge was replaced with the new, 96-room Trapp Family Lodge. The lodge sits on 2,600 acres of land, complete with a farm, cross-country skiing, snowshoeing, mountain biking and walking trails, gardens, a gym and spa, a chapel, an 18-hole disc golf course and of course, a world-class brewery.

It was Johannes von Trapp, the youngest son of Maria, who made his dream of making crisp, Austrian-style lagers with a Vermont twist a reality. In 2010 Johannes gathered a team of industry experts, brewing the first barrels of von Trapp beer in the basement of the Trapp Family Lodge Kaffeehaus under the name Trapp Lager Brewing. As the beer gained popularity, we expanded into a 30,000 sq ft facility just down the road from the lodge, complete with a Bierhall Restaurant, with the capability to brew 36,000 barrels a year.

## *“A little of Austria, a lot of Vermont”*

Since our humble, basement beginnings, we have grown exponentially, with demand increasing by the day. We currently sell in Vermont, New Hampshire, Maine, Massachusetts, Connecticut, Rhode Island, New York, Pennsylvania, New Jersey, Maryland, Virginia, North Carolina, Tennessee, Florida, Michigan, Colorado and Oregon, with more to come.

What makes our beer different is the blend of an old school approach and classic Vermont craftsmanship. Our brewers use traditional German brewing techniques with the help of cutting-edge technology. While the equipment may evolve, the ingredients never will. We expertly craft our lagers using only 4 extremely high-quality ingredients: water, malt, yeast, and hops, adhering to the German Purity Law, Reinheitsgebot.

We use natural spring water, found on property by Johannes von Trapp, to make the beer. Conveniently enough, the mineral composition of the spring water is almost identical to the water you'd find in Plzen, Czech Republic.

Brewed in our astounding 50 bbl Rolec brew house, with incredible respect to the mastery and beauty of traditional brewing, we present to the public brews that both embody the spirit of what it means to be an adventure-loving Vermonter, while giving a nod to history.

## *Sustainable Future*

It's more important than ever to protect and sustain our planet.

As a brand, we are constantly thinking about how we can decrease our carbon footprint, give back to the land and support a healthy environment.

### **SPRING WATER**

Our spring water source was discovered in the 1970's by Johannes von Trapp, providing drinking water to the hotel, sugar making, snow making, nearby family homes, and von Trapp brewery.

### **SOLAR PANELS**

A 200-kW roof-mounted solar array provides a clean source of electricity for Stowe Electric Department, allowing us to minimize annual electric costs and support the statewide renewable energy initiatives.

### **SPENT GRAIN**

It's long been tradition to reuse resources in Vermont. We support this by feeding the spent grain from our brewery to cattle at our farm and across the region.

VON TRAPP

# Lifestyle

Our brewery sits on the 2,600 acre Trapp Family Lodge, a unique mountain resort featuring Austrian-inspired architecture and European-style accommodations. The Lodge offers stunning mountain views, old-world comforts, and impeccable service, along with activities for every season. Our resort is a mecca for the outdoor and nature enthusiast, with activities ranging from high-energy skiing and mountain biking to more relaxed bird watching and von Trapp Family History Tours. With the fabled Stowe village and the state's highest mountain only minutes away, the best of Vermont's winter, spring, summer, and fall outdoor activities are all at your doorstep when you stay with us.

It's with adventure in mind that we decided to brew our beers. Light, yet incredibly flavorful, von Trapp brews were designed to go with you on every excursion, serving as the perfect mid-ride or post-hike beer: refreshing and quenching but won't bog you down. Keep sipping and keep exploring.

VON TRAPP BREWING

## *Bierhall*

Located on the grounds of Trapp Family Lodge, the von Trapp Brewing Bierhall is conveniently situated on the cross-county ski trails, mountain bike trails, and 18 hole disc golf course. The Bierhall is a gathering place for friends to enjoy “A little of Austria, a lot of Vermont,” serving fresh lager beers and a selection of freshly prepared Austrian lunch and dinner selections. Many of the menu items are prepared on the wood-fired Parrilla grill that is the showcase feature of the Bierhall. Start and finish your mountain bike ride or cross-county ski at the Bierhall Restaurant, and shop the well-appointed gift shop.

## *Brewery*

In 2015 we opened our new 30,000 sq. ft. brewery located on Luce Hill Rd. featuring a 50 bbl state of the art Rolec brewhouse and CFT canning line capable of producing up to 33,000 barrels of beer annually. Unique to von Trapp Brewing, the brewery's water supply is piped in from an on-property mountain spring, boasting some the highest quality water in the State!

You can enjoy our beers at the Lodge or in multiple restaurants and bars throughout Vermont, New Hampshire, Maine, Massachusetts, Rhode Island, Connecticut, New York, New Jersey, Pennsylvania, Virginia, Maryland, Tennessee, Michigan, Florida, North Carolina, Oregon, and Colorado.
